She could ride in Charlie's animated jitrikisha any old time—riding in the latest new-fangled Twelve-Cylinder-Speed-Devil however—U-u-m-m-m! Well, the chance wasn't to be sneezed at, thought Wanda.

Still, she loved Charlie and—well, what is a girl to do? 'Nother thing, Wanda didn't know what kind of an engine Charlie had buried in that old wreck he called "Greased Lightning."

The Twelve-Cylinder-Speed-Devil found out though. It's a corking fine rural romance. A pippin forthright and fun. Try to come, won't you?

## TWO NEW MALE TEACHERS NAMED

Other Changes in Schools Reported  
To Board of Education—Major  
Meagher To Open School 5—Palmer  
Writing Method Adopted—  
Committee Reports.

The board of education held its regular monthly meeting in the high school last evening with vice-president Kearney presiding and Trustees Crane, Gill, Schaeffer and Van Wageningen present.

The minutes were read by Supt. Michael and duly adopted. A communication from Washington Camp, P. O. S. A., asking for the use of the auditorium on the night of August 31st, was read and on motion of Trustee Schaeffer, permission was granted.

The financial report for the year beginning September, 1918, and ending June, 1919, was submitted by Supt. Michael. By Trustee Gill's motion, the president was given power to affix his signature and file the report with the state department of education.

Trustee Van Wageningen offered the payroll for the month, including Supt. Michael's salary, which was accepted.

Vouchers audited by Trustee Van Wageningen were read and adopted to the amount of \$1,057.80.

Trustee Van Wageningen offered a resolution that the payroll for the month of August be audited. Carried. Furthermore, he requested that a bill from Robert J. Service for work done in the gardens of the school children of the city be audited. This was done in behalf of the Ulysses Garden Club. This payment would not involve any of the public funds.

Trustee Crane offered a resolution that Mrs. Short, the matron of the High School be granted an increase in salary of ten dollars per month. On motion of Trustee Gill the resolution was adopted.

The Building Committee reported that the janitor of School No. 7 was being greatly annoyed by the young boys of the neighborhood, breaking windows and creating a general nuisance around the school. Trustee Crane made a motion that the Building Committee call on Chief of Police Wood and ask his co-operation in the matter of putting a stop to the annoyance. Carried.

Supt. Michael of the Teachers' Committee recommended that the Palmer method of writing be adopted for the city schools. This would not involve any changes in the penmanship force of teachers, but would call for the purchase of new writing books. The recommendation was adopted on the motion of Trustee Schaeffer.

Trustee Atkins of the teachers' committee offered the following memorial resolution:

Mr. Atkins, chairman of the teachers' committee, offered the following memorial and moved that it be entered in the minutes and that a copy be sent to the family.

On Memorial Day, May 30, 1919, Miss Samler entered into immortal life.

Since September 1906, she rendered efficient service as a teacher in the schools of Kingston up to within a few days of her untimely death. Her pleasing manner, her cheerful, happy disposition and her high sense of duty will always remain in the minds of her former pupils and associates as a splendid example of a useful life. Bowing to the will of an all-wise providence, the board of education here records its sense of loss sustained by the city schools in the death of Miss Samler and extends its sympathy to the members of her family in their bereavement.

At this point in the meeting, it was decided that the next meeting should be held on Friday evening, September 5th.

Trustee Schaeffer made a motion that a contract be made with the Acme Mills for towels to be used in the grammar schools of the city. Carried.

To the Honorable, The Board of Education, Gentlemen:

Your supplies committee to whom was referred with power the matter of letting contracts for shades and printing respectfully report that we invited bids from all local printing offices. The Freeman Publishing Company was the only party to submit an estimate. We awarded the contract to The Freeman Publishing Company for furnishing all blanks as per list submitted at the sum of \$148.

We invited estimates from nine local firms for furnishing 31 shades and rollers and for the repair of several old shades as per specifications submitted and beg to report that we received estimates from Stock & Cordis and the L. B. Van Wageningen Co. No others responded to our invitation.

Stock & Cordis \$212.47  
L. B. Van Wageningen Co. \$225.00

We awarded the contract for shades to Stock & Cordis as being the lowest bidder.

We would further report that we are purchasing janitors' supplies as needed from time to time.

Pursuant to a resolution of this board we have solicited estimates for furnishing towels for use in the grade schools from the Acme Mills Co., Van G. A. Hart & Co., the L. B. Van Wageningen Co. and Rose-Gorman-Rose. We have received the following estimates:

G. A. Hart & Co.—250 dozen towels more or less at \$1.35 per dozen. Second sample 250 dozen towels more or less at \$1.37 1/2 per dozen.

Acme Mills Co., for the same quantity at the rate of 74 cents per pound. They inform us that a pound will contain approximately 11 towels.

We have secured estimates from the L. E. Kerns Acquisition Company on a list of acquisition manufactured by them, for the sum of \$120.24 with a special discount of 10 per cent, making the net bid \$107.21.

Trustee Crane read a request from the Women's Teachers' Association for the use of the auditorium on the evening of October 14th. After considerable discussion, permission was

granted on motion of Trustee Gill. Supt. Michael submitted report on changes made in teaching force: To the Honorable, the Board of Education.

Gentlemen: Your teachers' committee beg to submit the following report. Pursuant to a resolution adopted by this board empowering the teachers' committee to fill all vacancies that might occur on the teaching staff, we submit the following report.

Miss Burt, a teacher of mathematics, Miss Kelly, a teacher of English and Miss Woolsey, teacher of drawing, all of the high school, declined reappointment.

We have transferred Mrs. Eleanor Bazzoni Adolphe from the French department to teach Miss Kelly's classes in English.

In the modern language department we have employed John J. Iluneka, a graduate of Adelphi College, Brooklyn, N. Y., and now pursuing post graduate work in Teachers' College, Columbia University, to teach Spanish and assist Miss Cordes in French, at a salary of \$1,400 per year. Mr. Iluneka was in the military service during the war, engaged in teaching French to American officers and soldiers and English to non-English speaking troops. He has also had experience in teaching French and Spanish in the Hackensack, N. J., High School. He comes very highly recommended by his former employers and the college authorities where he has studied.

In the place of Miss Burt we have secured the services of Hugh D. MacIntyre as a teacher of mathematics at \$1,350 a year. Mr. MacIntyre is a graduate of Rochester University, was honorably discharged from military service about the first of January and immediately began teaching mathematics in the high school at Watervliet. Previous to entering the army he had had several years' experience in teaching. He comes well recommended by his employers and Rochester University.

We feel that we have made no mistake in increasing the number of male teachers in our high school by the appointment of these two young men.

In the place of Miss Woolsey we have appointed Miss Elizabeth W. Doughty to teach drawing at a salary of \$900 per year. Miss Doughty is a graduate of the University of Michigan at Ann Arbor and has studied art in New York city at Teachers' College, Columbia University.

We further report that in the grade schools Miss Sudheimer, seventh grade teacher of No. 6, Mrs. Craft, first grade teacher of No. 8, declined reappointment.

At the request of Miss Florence Wheeler, who taught fifth grade at School No. 5 during the present year, we have transferred her to the first grade at No. 8 school. In her preparatory work, Miss Wheeler made special preparation in kindergarten and first grade work.

At the request of Miss Hazel K. Wachmeyer, who has been teaching second grade work at No. 4 school, we have transferred her to take the work of Miss Millie Samler, deceased, at No. 5 school. Miss Wachmeyer's reason for making this request arises from the fact that she lives very near No. 5 school.

In the place of Miss Sudheimer at No. 6 we have employed Miss Margaret Halverson at a salary of \$650. Miss Halverson is a graduate of Kingston Academy and the New Paltz State Normal School and for the past three years has been teaching in the state of New Jersey. She resides with her parents on Manor avenue.

In the place of Miss Wachmeyer at No. 4 school we have appointed Miss Helen Cullen, a graduate of our city high school and the New Paltz State Normal School, at a salary of \$650. Miss Cullen has had two years' experience in primary work in the city of Beacon. She is a daughter of Principal Cullen of No. 3 school.

In the place of Miss Wheeler transferred from No. 5, we have appointed Miss Kathryn M. Reardon at a salary of \$650. Miss Reardon is a graduate of Kingston Academy and the Oneonta State Normal School and has had about four years' experience teaching, most of which has been in the public schools of the village of Saugerties. She is highly recommended by the school authorities of Saugerties.

We further report that the superintendent has received a letter from Major Meagher stating that he expects to receive his discharge from the army in time to resume his duties at No. 5 school at the opening thereof.

## You Need It in the Nursery

When you give that precious baby his bath, just bear in mind that there is nothing in the world so delicate as his baby skin. This should be kept naturally in order. Palmer's SKIN-SUCCESS Soap, especially made for delicate skins, does the trick. It keeps a strong shield or scum from forming on the outside of the skin. It keeps the baby's skin, as you would like to have it, soft and clean.

Any good dealer can supply you.

While Women Like to Have Their Way, Sometimes Their Weight Don't Suit Them—The Difference Between Theory and Practice.

"Why do you suppose that women are quicker than men?" asked the customer, as he dropped in to have his hair trimmed.

"Keeping up with the styles," replied the busy barber, briskly.

"Fanny ain't you," queried the customer.

"Not at all," retorted the barber, "simply accurate."

"Huh," grunted the customer. He twitched slightly as the barber clipped a tuft close and then remarked, "but you can't get out of it women like to have their way."

"Maybe," replied the barber, "but I know a lot that don't like their weight."

"Seems to me you are full of humor today," said the customer.

"No," replied the barber, "just feeling good over the strong ticket the Republicans designated the other day."

"It sure is a good ticket," replied the customer, "and I am wondering what the Democrats will do Monday when they meet."

"It all depends upon the supply of parrots," replied the barber, "and that reminds me that I have heard of a new candidate for gubernatorial nomination on the Democratic slate."

"Who is it?" asked the customer.

"Charles Dixon, who has just returned from the service," replied the barber.

"Getting back to our original subject of discussion," said the customer following a pause in the conversational stream, "I wonder why it is some men never marry?"

"There are various reasons," replied the barber briefly, "but the main reason is that they don't care to change cooks."

"You believe that women should learn to cook then?" interrupted the customer.

"I do," replied the barber emphatically, "and they should learn before the knot is tied, for a man don't like to have himself used as a sort of trial horse."

"And that reminds me," continued the barber, "that there is a big difference between theory and practice in cooking. As for me I would rather have the theories worked out of the system before I stepped off."

Referred to committee to fill va-

cancies.

The Twelfth ward caucus was the

largest in point of vote in years,

there being a contest for supervisor

between J. Charles Snyder, the pre-

sent incumbent, and John J. Hall, a

former Republican supervisor. One

half of the votes cast were by wo-

men, and automobiles were used to

bring the voters to the caucus. A

crowd was about the Excelsior Hotel

house from 8 p. m. until after 9

o'clock, when the ballots were count-

ed. Charles J. Mullen was chairman

of the caucus. Charles E. Seib and

Alfred Smith were the secretaries.

Snyder the tellers. Mr. Seib, who is

called by his friends "the permanent

secretary," as he has filled that po-

sition at Republican political meet-

ings, the same as Henry E. McKen-

zie at Democratic ones, expedited the

voting by his quickness in writing

down the names and thus the big

vote in one hour was polled. The re-

sult of the vote was Snyder, 286;

Hall, 57.

There was a contest for super-

visor also in the Ninth ward between

William A. Van Valkenburgh, now

alderman in that ward, and John

Mr. Van Valkenburgh received 52

and Mr. Roosa 21.

In a contest for the designation for

alderman in the 11th ward, Dr. Wil-

liam H. Connolly, the present incum-

bent, was defeated by Granville

Whitaker by a vote of 32 to 42.

For alderman in the Third ward

there was also a contest. James Mil-

ler opposing George Schick for the

designation. Mr. Schick received

119 votes and Mr. Miller 36 votes.
